To: Oliver-san, ARK

From: M. Murakami, JAVA

We have received a fax letter from a German organization, ANIMAL 2000 - Tierversuchsgegner Bayern E.V.

Could you please send them 1,000 protest postcards (200 each)?

Another Matter:

A friend of Mr. Christian Huggett (Japan Times Correspondent in Aichi Prefecture who wrote articles about abandoned dogs and vivisection in June and July) will be moving from a Zen temple in Fukui Prefecture to a temple in Tokyo next week. He is an American and has been studying Zen in Japan, and he loves animals. He is wondering what he could do for the animals. I have sent him information on Tenri Hell-Hole and protest postcards to him, and will be meeting him late next week or the week after that. His name is Allan Whitney and came from Los Angeles, USA. He will probably call you when he is in Tokyo to see if he could do anything to assist you. Please listen to his story and give him advice.

Thank you very much in advance.

Yours sincerely,

PS. Attached please find a list of organizations/individuals I have sent your protest postcards.

So far I received replies from Ms Kono in Germany and Ms Ashley in England. I'll be sending you copies of their letters by mail.
