Devoted to the Care of Lost, Sick and Injured Animals

FAX TO: ELIZABETH OLIVER
ARK

DATE: 3 March 1995

FROM: [REDACTED]
THE LOST DOGS' HOME

Dear Elizabeth,

Sorry to have been so long in replying to your fax. I was on holidays, the Manager was on holidays, and then we had our own newsletter appeal happening.

Thought you would be interested to know that we have managed to get some publicity for ARK and the Kobe Earthquake (see Media Release). Hopefully the appeal will be published in the daily newspapers and we also have some radio interviews lined up. I am doing one on Monday (6th March) with a Community radio station. I would be grateful if you could fax through any additional information/updates (re numbers of animals, current situation etc) that might be useful for the interview. They are also interested to know how the Japanese people have responded.

We will ask people to send money to The Lost Dogs' Home and then we will forward you a bank draft of the money received. It may not be very much, but hopefully it will help!

We are also interested in running a story about ARK and the earthquake in the next edition of our newsletter. Do you have any photos that we could use? - B&W or colour would be fine. We would like to show the plight of the animals but would not want anything *too* distressing for our readers. It is better to present a positive image on what is being done rather than present a "hopeless case".

I do hope you are taking care of yourself during this difficult period. We still see the occasional TV report from Kobe showing the homeless people. It is just so difficult to imagine what it must be like.

Hope to hear from you soon.

Kind regards,
