Points to Request Nara Prefecture

1. Urgent removal of remaining dogs to Prefectural control.
Mrs T's dogs about 30
Mr.F's dogs about 15 -20
Mr.F's dogs taken by Honda san about 14 - 15
2. Treatment to restore these dogs to normal (both physical and mental)
Vaccination and neutering of dogs.
Care of dogs until new homes can be found for them.
Euthanasia (by injection of pentababathol) of seriously ill or suffering animals.
3. Request to Sorifu that the Law for Protection of Animals be urgently revised and changed based on the experience of this case
4. Tightening of Registration regulations and abandonment of animals
5. Making (if possible) compulsory neutering throughout the prefecture if a compulsory neutering programme were launched, the number of dogs being killed by the hokensho would drop to a third,
i.e. from 6000 to 2000, releasing funds for a more wide-spread neutering campaign, and spaying subsidy.
6. Launching a massive education programme to make people :-
 - a) Regard their pets as a responsibility for LIFE
 - b) See neutering as the ONLY WAY to control numbers as well as being much healthier for their pets.
 - c) Care for and love their pets as they would their own children.
