

somali cats

私たちをもらって下さい――かわいいソマリ猫の里親募集中!

この子たちはアーク近くの道端に捨てられていました。全部美しい純血種のソマリ猫です。小さいケージに詰め込まれ、やせこけて、毛はもつれ、弱っていました。メス猫の中には妊娠しているのや、授乳中のものもいました。ブリーダーが子猫だけ残して、成猫を処分したと思われます。

今では、体重も増え、自慢の長毛はつややかに美しく、不妊手術も予防接種も済ませ、健康そのもの。若くて、人なつっこく、あなたのお相手にぴったりです。

男の子7匹、女の子6匹。どなたか、1匹でも、2匹でも、もらっていただけませんか?

LOOKING FOR GOOD HOMES

These beautiful pure-bred Somali cats were abandoned near ARK, crammed into tiny cages and left on the roadside. They were in poor condition, very thin with hair-mats. Some were pregnant and others were lactating which means the breeder who threw them away just kept the kittens and got rid of the adults.

Now they have put on weight, their long coats are glossy and tangle-free, they have all been neutered, vaccinated and are healthy. They are young, friendly and will make lovely pets. There are 7 males and 6 females. Can you offer one or two of them a good home?
