

Nelson at Old Windsor

Nelson is a sensitive soul looking for a new home in adult only household. This gentle boy is under-socialised and needs willing owners to help him adjust to a new life in a home environment. Originally from Japan, he has travelled a long way to be rehomed from Battersea Dogs & Cats Home in the UK. Nelson is a very friendly and inquisitive chap despite being initially cautious. He will need guidance from his new owners but will make a wonderful and loving companion.

Bow at Old Windsor

I have flown hundreds of miles from the Animal Refuge Kansai (ARK) in Japan to be rehomed from Battersea Dogs & Cats Home. I am a handsome chap but I still need a special home with experienced owners who will appreciate my independent nature. I need a quiet household with plenty of space to roam around. I am a free spirit but will make a super companion given time and understanding by my new owners.
