Dear ms Miwako,

Thank you for a very informative mail.

You asked for missed fax pages. Here I have inclosed both all four pages of fax sent 3rd February 1993, and a letter sent by me to many animal protection organisations around the world on 20th January. The latter I haven't sent you earlier, because at that time I didn't have your address or so.

I hope that you are able to benefit the really up-to-date anti-fur material of ours in your anti-fur campaign. As you very well know, Japan is, unfortunately, one of the biggest buyers of Finnish furs.

If you have anything to ask about Finnish fur farming and trade, please do not hesitate to ask more information.

Best wishes for you and ms Atsuko Sato in No Fur Fund.

Yours,
