*MY THANKS to the 'Fortean Times' for collecting this tale of nature red in tooth and claw and handy with a 12-bore. It concerns French rabbit-hunting farmer Vincent Caroggio, of Chartres, who, it seems, was out blasting bunnies with his shotgun when he stopped for a rest and laid his gun down by a rabbit-hole. Out popped a rabbit, knocked over the gun and shot the unfortunate Caroggio — stone dead.*

14/6/92 Hoberner
