

I AM THAT I AM (exodus 4:14) is unconditional, unprogrammed, never mesmerized, infinite Mind Living and joyous MIND of all minds.

Human thoughts are one dimensional, dead, lifeless, flat, dry and, hollow actions. Because human thoughts are dead, it has no feelings : whereas when the Omniscient Mind is speaking, one will feel love and joy.

Gods thoughts are of higher order and are completely different in nature, quality, expression, presentation, etc.

Gods thoughts are actually ALIVE or have life-force in them.... they are living entities, always in a state of ecstasy.

Though the Omniscient Mind can be gentle, it is wisdom to remember that the Gods ways and thoughts can be incredibly SHOCKING; Its intelligence, infinite amount of data storage and the accuracy/precisions are wondrous beyond the known boundaries , and Its beauty is beyond the sense of sanity.

Its novelness is totally mind boggling, devastating, and will turn you inside out and upside down with the utter amazement, rapture, and SHOCK .

This infinite, boundless Being is not " normal." Simultaneously It exists in All times and All spaces. It moves in a " wink of an eye."

S/he is atypical.

God has never been tamed or domesticated.

The ever-unfolding Universal Mind is the true avantgardist.

..... blessed are the merciful for they shall inherit the kingdom of Omniscient Mind.....
