Dear Elizabeth,

Just a brief note to congratulate you on the superb first issue of your newsletter. It's truly a wonderful beginning.

Elizabeth, upon reading the letters and articles you enclosed, I was shocked and profoundly saddened by the realities in Japan for companion animals. Given these circumstances, I completely concur with your decision to start "softly," build up a steady readership, and then begin to introduce some hard facts.

You mentioned that at times you feel like your work is merely a "drop in the ocean," and I often feel the same way. However, you are planting life-affirming seeds in fertile soil, and some of those seeds will sprout over time and touch many lives. Thank you for being there!

Thanks again for your nice letter and enclosed letter, and I was deeply touched by your very kind words about "In The Name Of Mercy." Stay in touch, Elizabeth, and congratulations again on your excellent newsletter. Take good care of yourself and hope all goes well in building your office.

Best regards
