

An artist of shadow picture, Seiji Fujitjyou whose ④
stance may be middle, he is a cat lover and actually
lives with 10 cats and 2 dogs.

"I am happy with cats and can't imagine the life
without them. We both share mutual happiness,
therefore - euthanasia conducted by us is
to get conceited. The case of terminal disease is no
problem, anyway I think we should find out
a person who take care of."

It has been about 10 years since + euthanasia of
pets became a issue.

The history of Japanese animal protection is not
so long.

During world War II. A lot of animals in the
zoo in nationwide were killed ^{with} the reason of
the fear if they freed from the cages with
an air raid. That is very sad fact.

After the war, The wife of England ambassador
to Japan established the animal welfare associ-
ation to campaign to stop animal abuse,
followed an establishment of a hospital attached
the association. But ^{what} a lot of cats and dog
were taken here resulted in conducting the
euthanasia in order to protect an infectious.
