Dear Elizabeth,

You must be very near the earthquake zone. Please advise us how you are, and conditions at your shelter, and primarily what assistance you need. Please advise if you have been in touch with WSPA, or they with you, or if you have been in touch with any other overseas or international organisation. ANZFAS does not have great resources, but is concerned for your welfare, for that of your animals and your helpers. Our fax no. is (613) 329.6441.
