RE : Animal Supplies following the Kobe Earthquake

Dear Sir/Madam

We have always found your company's products to be excellent and delivery prompt. I am hoping now that you may be able to help us help the domestic animals affected by the Kobe Earthquake, Japan.

Since the devastating earthquake, on January 17th, Animal Refuge Kansai has been involved in a massive rescue operation to save as many of the injured and displaced animals as possible. Many of these animals have led a happy life and now as their owners are no longer in a position to care for them they are being placed in our care and we are trying our best to make their stay with us as un-traumatic as possible.

At present we have nearly 150 dogs and 75 cats but this number increases daily and all need exercise, grooming, etc. We are currently in desperate need of basic animal equipment, e.g. collars, harnesses, leads, grooming brushes, flea collars, etc. Also toys to relieve stress and pet beds. We would greatly appreciate any donations of equipment /pet products that ANCOL could provide.

I look forward to hearing from you.

Yours sincerely

Elizabeth Oliver (Director - Animal Refuge Kansai)
